

Hillsbus to run new On Demand bus service

ComfortDelGro, operator of Hillsbus, has launched an On Demand bus service in the Carlingford, North Rocks and Epping areas, which commenced on Tuesday 30th of January as part of a number of NSW Government trials aimed at revolutionising public transport.

The service, will be branded OurBus and operates in peak times between 5.30am to 9:00am and 5:00pm to 8:00pm, using four vehicles, each capable of carrying 10 passengers. All vehicles will also be fully wheel chair accessible.

OurBus on-demand provides a new experience for customers who can book transport from or near their home to a local transport hub or other centre at a time that suits them.

A new OurBus website and app are now available, with the fare costing \$5 paid in advance by credit card via a secure App.

The new service will not impact any existing local bus services and is aimed at encouraging more people to leave their cars at home and take advantage of a service tailored to their personal transport needs.

“We’re excited to work with Transport for NSW in providing an innovative style of public bus service for our customers, making use of the latest technology and different types of vehicles,” said ComfortDelGro Corporation Australia Chief Executive, S K Cheng. said.
